Abc No. 103/12 32

Station Bellary., *Dated the* 10th March 1932. 19

From (Name) M.R.Ry. C. Balaji Rao Garu, B.A.B.L.,
(Designation) Chairman Municipal Council Bellary.

To The Secretary to the Government of Madras,
Local Self Government Department.
Madras.

Sir,

On account of heavy deficit in the current and en-suing year's budget, under A- General account ordinary, the Council in its resolution No:24 (1) dated 30-1-32 has re-solved to have a second class health officer instead of a first class Health Officer.(Copy of the resolution is en-closed). The Government in G.O.No:1077 P.H. dated 26-5-25 had first appointed a second/class Health Officer to this Municipality but at the request of this council, the Government in their order No:2565-P.H. dated 17-12-25 sanctioned a first class Health Officer for this Municipality and appointed Dr: S. Daksninamurthy to this town. He worked in this Municipality up to 14-9-28 and was succeeded by Dr: Sesnadri who served the Municipality till 11-11-29. The present

F/193

Health Officer Dr: Shankaran took charge on 12-11-29 and is now still continuing. During the period (i,e) 17-12-25 several diseases had broken out in epidemic form out were brought under control by the vigilent check and supervision. This Municipality had distinguished itself by winning Sir Annamalay Shield, British Empire Shield, Irwin Cup, etc. The Health Week and Baby Show arranged by the present Health Officer Dr: Shankaran in 1930 has been much appreciated and the Director of Public Health in his report contained in G.O. No:2472 P.H. dated 18-12-31 commended the originality dis-played in the Health Exhibition at Bellary and has placed Bellary second to Pollachi in awarding Cups and Shields (Vide Appendix III to the above G.O).

The Council is fully aware the services of a 1st class Health Officer are more useful than those of the 2nd class Health Officer, the former possesses higher qualifications than the latter. But however it is purely on economical grounds that the Council decided to have a second class Health Officer, under the present low financial position of the Municipality. I therefore request the Government to kindly post a 2nd class Health Officer to this town as early as possible at any rate before 31-3-32 as there is no budget provision for continuance of the 1st class Health Officer during next year.

I.M/

Vice-Chairman. 11-3-32

Extract from proceedings of the Municipal Council passed at its meeting held on 30th January 1932 at 8 A.M.

.....

24(1) Consideration of getting a 2nd class Health Officer in place of first class Health Officer as a measure for retrenchment; the saving coming about Rs 900/- per annum.

Resolution:- Proposed by Mr: G. Thimmappa seconded by Mr: B.K. Gururaja Raothat the Government be addressed to appoint for Bellary a second class Health Officer in place of 1st class Health Officer.

Carried by majority.

R. No. 817-1 E.,

Station Madras., *Dated the* 4th April 1932.

From (Name) Major J.R.D. Webb, O.B.E., I.M.S.,
(Designation) Offg: Director of Public Health.

To The Secretary to the Government of Madras,
Local Self-Govt. (Public Health) Department.

Sir,

With reference to the Government Memorandum No. 10645-1-E1-P.H. dated 16th March 1932, I have the honour to offer the following remarks. The Council is aware of the necessity for a first class Health Officer but has recommended the reduction merely on economical grounds. It was at the request of the Council that the Government in their order No.2565 P.H. dated 17th December 1925 sanctioned the post of a First Class Health Officer for this Municipality, and once having agreed, it cannot reasonably go back on its own resolution. Marked improvements in Public Health administration have been effected as a result

of

6

of the appointment of a First Class Health Officer. The close proximity of the Cantonment, a very important area, was one of the reasons set forth by the Municipality for the appointment of a First Class Health Officer, Now that the Cantonment has been included within the Municipality, the necessity for a First Class Health Officer is necessarily greater.

Bellary has its own Public Health problems. The District is an endemic area for plague. Small-pox and cholera break out frequently. There is no drainage arrangement worth the name. In this connection, a reference is invited to G.O.No. 261 L & M., dated 21st January 1932.

In view of the foregoing grounds, I cannot agree to the reduction of the post of First Class Health Officer of the Municipality to that of Second Class at this important town. I request, therefore, that Government will be pleased to advise the Council to rescind its resolution and to make provision in the budget for a First Class Health Officer as an urgent necessity.

I have the honour to be,

Sir,

Your most obedient servant,

Major, I.M.S.,
Offg: Director of Public Health, Madras.
